Introduce yourself in a brief paragraph:		
Graduated B.Tech (Honours) in 1988 from University of Calicut in Mechanical Engineering (having studied at Government Engineering College, Trichur). Joined Cochin Port Trust as a Graduate Apprentice soon after until 1989. Served in Shipping Corporation of India for a short time and later worked in various shipping companies, spending most of my sailing time with Eurasia Shipping and Management Co. Ltd., Hong Kong. For a short time worked at the Mumbai office of Eurasia Shipping. Thereafter resumed sailing with Maersk Line, Copenhagen.		
Having taken almost eight years of experience in the capacity of Chief Engineer took up the challenge of availing and transferring of my knowledge and experience to the forthcoming seafaring community.
